Application Process

- Schedule an in-depth application walkthrough with an Enrollment Advisor to go over requirements, best practices, and your timeline to application submission
- Gather the following materials and apply at apply.haslam.utk.edu/apply
 - Statement of Purpose** Let us know about the following with a well-written, 2-3 page essay
 - Why are you pursuing a Master of Science in Supply Chain Management at this point in your professional career? Why are you a strong candidate for this program, as supported by your short and long-term goals? Why have you specifically chosen to apply to the MS SCM - Online program at UT Knoxville, beyond its ratings and reputation?
 - Transcripts** Send official transcripts to haslamadmissions@utk.edu or via mail to Haslam Graduate and Executive Education 504 Haslam Business Building Knoxville, TN 37996
 - Resume/CV** List your educational history, relevant work experience, research, awards, and/or publications
 - Test Scores** GMAT or GRE scores are optional. If you'd like to submit test scores, use institutional code 1843
 - Optional Statement** If there is an area of concern you'd like to address or more information that you believe needs to be provided concerning your candidacy for the program, an optional statement can be submitted
 - International Applicants** Speak with an Enrollment Advisor to determine TOEFL or IELTS requirements
 - \$60 non-refundable application fee
- Apply for [financial aid](#), if applicable

Review Process

Once submitted, applications are reviewed immediately and a final decision will typically be given within two weeks by email, in the application portal, and via phone. If you are admitted, an advisor will connect with you on the next steps.

Next Steps for Admitted Students

- Submit** your \$500 advance program fee to reserve your seat for the upcoming cohort
- Connect** with Success Coach to prepare a work/life balance plan
- Prepare** your study space and make sure you have internet service that can handle video calls
- Connect** with your professors, network with your peers, and take your first class!
