HASLAM
COLLEGE OF BUSINESS
THE UNIVERSITY OF TENNESSEE, KNOXVILLE

MASTER OF SCIENCE IN SUPPLY CHAIN MANAGEMENT ONLINE

PROGRAM OVERVIEW

The Master of Science in Supply Chain Management Online (**MS SCM Online**) from the University of Tennessee, Knoxville's Haslam College of Business helps you build the skills you need for the future. Our program prepares you to solve real-world problems you encounter on the job and turn industry disruption into an advantage for your organization. Furthermore, with the MS SCM Online virtual instruction, you won't have to take any time away from building your career.

CAREER OUTLOOK

Graduates of the MS SCM Online program are prepared to take on a variety of leadership roles. With supply chain management roles, otherwise known as logistician roles, projected to grow 28 percent by 2031,* the outlook for supply chain professionals is bright. As you evaluate your post-graduation career goals, potential occupations may include:

JOB TITLE	MEDIAN SALARY**
Supply Chain Manager	$105,000
Operations Manager	$97,000
Logistics Manager	$95,000
Materials Manager	$94,900
Purchasing Manager	$80,000

* *Source: U.S. Bureau of Labor Statistics, 2021.*

** *Source: Association for Supply Chain Management, 2022. These salaries are based on national averages and are subject to change.*

3-Day Immersion On Campus

* Completion time depends upon the number of credit hours you take each semester.

Admission Requirements

Our program is designed for working professionals who would like to develop their expertise in supply chain management (SCM). Our ideal applicant will have an undergraduate degree in business, economics, or engineering, as well as a demonstrated 3-5 years of work experience in one of those fields. Candidates with calculus and statistics knowledge are preferred.

Leadership experience is not required, however, competency in supply chain management is preferred. Because our curriculum is neither industry nor geography specific, we welcome students from a wide array of employers and industries, including information technology, food and beverage, shipping, communications, and the armed services. Please note that GRE/GMAT scores are not required for admission to the program.

Application Checklist

Complete and submit the following to **apply**:

- ☐ Statement of purpose (2-3 page essay)

- ☐ Official transcripts per **Haslam guidelines**

- ☐ Resume or curriculum vitae

- ☐ GMAT or GRE scores (optional)

- ☐ $60 non-refundable application fee

International applicants should speak with an enrollment advisor to review additional transcript evaluation and English language proficiency requirements.
